Dear Professor Warner,

Re: **Criminal Liability of Organisations**

I appreciate the extension of time for AMMA to lodge a submission regarding the above.

The submission on behalf of my Association is attached.

I am also aware that the Tasmanian Minerals Council lodged a submission dated the 29th July 2005.

AMMA is associated with the Council and fully supports and endorses that submission.

AMMA is also a member of the TCCI and we understand that they will also be making a submission.

AMMA also supports and endorses that submission.

Please do not hesitate to contact me if you require any further information or clarification.

Yours faithfully,

Bill FitzGerald

State Manager
